## Local news update

### PORT BOTANY PRIVATISED FOR 99 YEARS

The O'Farrell Liberal Government has now pushed through laws to privatise Port Botany for 99 years. A real concern is that Barry O'Farrell and Mike Baird have now completely removed the law that capped container movements in and out of Port Botany. The ban on heavy vehicles on Bunnerong Road and Botany Road is now more crucial than ever, to protect local streets from container trucks.

### COUNCIL AMALGAMATIONS

The O'Farrell Government is threatening forced amalgamations of councils. This is not good news for our community. Our councillors are local people and Randwick and Botany Councils are amongst the very best in NSW. Sending local families' rates to Woollahra, Waverley or into the City of Sydney is not fair to local ratepayers. Local residents should decide, not Barry O'Farrell and Liberal Party Head Office.

### BUNNERONG ROAD UPGRADE

The upgrade of Bunnerong Road near Little Bay is almost finished. With a new road surface, pathways, lighting and landscaping it looks terrific! Constructed with Randwick Council and State Government money, it was well worth the wait.

### FLINT STREET LIGHTS

Thanks to the hundreds of local residents who helped support our fight for traffic lights at Bunnerong Road and Flint Street Hillsdale. Construction is well underway and should be completed early in the New Year.

Yarra Bay Sailing Club received \$30,000 to repair a damaged safety boat launching ramp.

**Michael Daley, through the NSW Community Building Partnership Program, is investing \$200,000 in local projects in our community.**

This will help our local community groups improve their buildings, facilities and services as well as support local jobs. 18 local community groups have applied for funding from the Community Building Partnership Program.

You can have your say about how this \$200,000 should be spent. Tell your local MP Michael Daley which projects to support.
